Woods of Love

Ron Klaus Wrecked His House (opened 2nd set of second night - very special moment - done by John, Bill and Woody at the mike with Ron off stage). Bill was lead singer playing a small string instrument - Woody and John had small parts to sing; Woody had either a tamborine or shaker in his hand - hard to see over so many heads; Bill added some new verses to note the fans and friends in Wichita and to add a verse about Ron's whale watching boat excursions in Central America - very, very special moment for the shows in Wichita)

On Broadway - followed Ron Klaus Wrecked His House the second night

Horror of the Fire - 1st night in Wichita; Ron told me last night it was cut as it is just too slow and doesn't quite fit in.

You're Not You Anymore - 1st night in Wichita - outstanding - highly notable for an inside joke John does at the end of the song. Don't ask as he may do it again tonight in Lawrence

Two Week Vacation - 2nd night in Wichita
